PLASTIC ELEVATOR BUCKETS

AGRICULTURAL FOOD GRADE PLASTIC ELEVATOR BUCKETS

- Food grade Plastic Buckets are moulded with high pressure injection moulding.
- Designed for optimum output to the ideal shape for clean filling and centrifugal discharge.
- Abrasion resistant, long lasting, light weight, tough and flexible.
- Very gentle and effective for handling of material with less product damage.
- Thick wall with front and rear reinforcement, low power consumption, effective in high speed and withstands thermal environment. Non-sparking & Non-corrosive.
- Temperature Range upto 90°C.
- Interchangeable with most of the existing models.
- Recommended for handling of Grains, Seeds, Feeds, Salt, Tea, Coffee, Food Products, Chemicals & identical other uses.
- Not to be used for large dense, and sharp sluggish material such as Gravel, Ores, Glass Cullet, Oyster Shells etc.
